

Product Overview

Camera Kits Blackmagic Design & Sony

The right technology for every event.

Do you need a budget-friendly solution in the professional segment, but can accept a slight compromise in terms of image quality? Then we recommend the URSA broadcast cameras from Blackmagic Design. You will not be disappointed.

If, on the other hand, the highest quality and reliability are your top priorities, then the HDC-3200 from Sony is the right choice for you. It delivers incredible colour, contrast and sharpness through its 3-sensor technology.

	URSA Broadcast G1	URSA Broadcast G2	Sony HDC-3200
Sensor	2/3" 4K	2/3" 4K with 4K-B4 Mount or 6K with EF-Mount	2/3" 4K-3-CMOS-Sensor with Global Shutter
Resolution	4K-UHD	up to 6K	4K-UHD
Integrated Filters	3 x ND (1/4, 1/16, 1/64)	3 x ND (1/4, 1/16, 1/64)	ND Filter: Clear, 1/4, 1/16, 1/64 CC Filter: Cross Filter, 3,200K (clear), Low-Pass Filter, 6,300 K
Ports	2 x 12 G SDI OUT (12 G/3 G/HD SDI Output) 3 x 12 G SDI RET (12 G/3 G/HD/SD SDI Return Video Input)	2 x 12 G SDI OUT (12 G/3G/HD SDI Output) 3 x 12 G SDI RET (12 G/3G/HD/SD SDI Return Video Input)	4 x UHD SDI Port (BNC) 4 x SDI OUT (3 G/HD/SD SDI) 4 x SDI I/O (3 G/HD SDI) 4 x SDI RET (3 G/HD/SD SDI Return Video Input) 2 x PROMPTER (BNC)
Operatig Temperature	0 °C to +40 °C	0 °C to +40 °C	-20 °C to +45 °C
Method	1-CMOS	1-CMOS	3-CMOS
Accessories	URSA Camera Fibre Converter URSA Studio Fibre Converter URSA Shoulder Kit URSA Studio Viewfinder 150m Fibre Optic Cable Tripod Adapter VCT-U 14 DT-280 MKII	URSA Camera Fibre Converter URSA Studio Fibre Converter URSA Shoulder Kit URSA Studio Viewfinder 150m Fibre Optic Cable Tripod Adapter VCT-U 14 DT-280 MKII	Sony HDCU-3500 4K/HDR Camera-CCU Sony RCP-3100 Camera-/CCU-Remote Sony HDVF-L 750 Studio Viewfinder 150 m Fibre Optic Cable Tripod Adapter VCT-U 14 DT-280 MKII
Optional	ATEM 4 x Camera Remote Control Panel	ATEM 4 x Camera Remote Control Panel	MSU-1000 Master Setup Unit HDVF-EL 20 OLED Viewfinder 2"
